- Provide a minimum of 8 gallons of chili, cooked on site, on your own stove (there will be no electricity).
- Except for professional division, all chili must be prepared on site. Nothing can be pre cooked or reheated.
- Provide a garbage bin and table cloth for your work area, plus a hands free water container that runs free for a hand washing station.
- Display the recipe or a list of ingredients on your table.
- Cook with USDA inspected and approved meat – be ready to show receipts and packaging.
- Not necessary, but if you can provide your own tent, it would help us out greatly.
- Decorating your booth is a plus (but, not a must)

- 8-foot table, 2 chairs, hand and utensil washing stations, tent if you need one, serving cups, spoons, beverage sales, fire extinguishers
